Mentally Disordered Offenders' Extended Commitment Proceedings

I. SUMMARY OF MANDATE

The test claim legislation establishes civil commitment procedures for the continued involuntary treatment of persons with severe mental disorders for one year following their parole termination date. These commitment procedures generally require the following:

- ⌘ A civil hearing on the petition for continued involuntary treatment;
- ⌘ The right to a jury trial, with a unanimous verdict by the jury before the offender can be committed;
- ⌘ The appointment of defense counsel for indigent offenders; and
- ⌘ Subsequent petitions and hearings regarding the recommitment of the offender for another year of involuntary treatment.

At its January 25, 2001 hearing, the Commission adopted its Statement of Decision which concluded that Penal Code sections 2970, 2972, and 2972.1 impose a reimbursable state mandated program on local agencies within the meaning of article XIII B, section 6 of the California Constitution and Government Code section 175 14 for the following activities:

- Review the state's written evaluation and supporting affidavits indicating that the offender's severe mental disorder is not in remission or cannot be kept in remission without continued treatment (Pen. Code, §2970);
- Prepare and file petitions with the superior court for the continued involuntary treatment of the offender (Pen. Code, §2970);
- Represent the state and the indigent offender in civil hearings on the petition and any subsequent petitions or hearings regarding recommitment (Pen. Code, §§ 2972, 2972.1);
- Retain necessary experts, investigators, and professionals to prepare for the civil trial and any subsequent petitions for recommitment;
- Travel to and from state hospitals where detailed medical records and case files are maintained; and

- Provide transportation and custody of each potential mentally disordered offender before, during, and after the civil proceedings by the County's Sheriff Department.

II. ELIGIBLE CLAIMANTS

Any county or city and county which incurs increased costs as a result of this reimbursable state mandated program is eligible to claim reimbursement of those costs.

III. PERIOD OF REIMBURSEMENT

Section 17557 of the Government Code states that a test claim must be submitted on or before June 30th following a given fiscal year to establish eligibility for reimbursement for that fiscal year. This test claim was filed by the County of Los Angeles on November 19, 1998. Therefore, costs incurred in implementing the provisions of Penal Code sections 2970 and 2972, as added and amended by Statutes of 1985, chapter 1418; Statutes of 1986, chapter 858; Statutes of 1987, chapter 687; Statutes of 1988, chapters 657 and 658; Statutes of 1989, chapter 228; and Statutes of 1991, chapter 435, after July 1, 1997 are eligible for reimbursement.

Statutes of 2000, chapter 324, was not in effect until January 1, 2000. Therefore, costs incurred pursuant to Penal Code section 2972.1, as added by Statutes of 2000, chapter 324, regarding services to persons committed pursuant to Penal Code section 2972 who are on *outpatient* status, are reimbursable only on or after January 1, 2001.

Actual costs for one fiscal year shall be included in each claim. Estimated costs for the subsequent fiscal year may be included on the same claim, if applicable. Pursuant to section 17561, subdivision (d)(1) of the Government Code, all claims for reimbursement shall be submitted within 120 days of notification by the State Controller of the enactment of the claim's bill.

If total costs for a given year do not exceed \$200, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

V. CLAIM PREPARATION AND SUBMISSION

Claims for reimbursement must be timely filed and identify each cost element for which reimbursement is claimed under this mandate. Claimed costs must be identified to each reimbursable activity identified in section IV of this document and they must be supported by the following cost element information:

A. Direct Costs

Direct costs are defined as costs that can be traced to specific goods, services, units, programs, activities or functions and shall be supported by the following cost element information:

1. Salaries and Benefits

Identify the employee(s), and/or show the classification of the employee(s) involved. Describe the reimbursable activities performed and specify the actual time devoted to each reimbursable activity by each employee, productive hourly rate, and related fringe benefits.

Reimbursement for personal services includes compensation paid for salaries, wages, and employee fringe benefits. Employee fringe benefits include regular compensation paid to an employee during periods of authorized absences (e.g., annual leave, sick leave) and the employer's contribution of social security, pension plans, insurance and worker's compensation insurance. Fringe benefits are eligible for reimbursement when distributed equitably to all job activities which the employee performs.

2. Materials and Supplies

Only expenditures that can be identified as direct costs of this mandate may be claimed. List the cost of the materials and supplies consumed specifically for the purposes of this mandate. Purchases shall be claimed at the actual price after deducting cash discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged based on a recognized method of costing, consistently applied.

3. Contract Services

Provide the name(s) of the contractor(s) who performed the service(s), including any fixed contracts for services. Describe the reimbursable activity(ies) performed by each named contractor and give the number of actual hours spent on the activities, if applicable. Show the inclusive dates when services were performed and itemize all costs for those services. Submit contract consultant and attorney invoices with the claim.

4. Fixed Assets

List the costs of the fixed assets that have been acquired specifically for the purpose of this mandate. If the fixed mandate is utilized in some way not directly related to the mandated program, only the pro-rata portion of the asset which is used for the purposes of the mandated program is eligible for reimbursement.

5. Travel

Travel expenses for mileage, per diem, lodging, and other employee entitlements are eligible for reimbursement in accordance with the rules of the local jurisdiction. Provide the name(s) of the traveler(s), purpose of travel, inclusive dates and times of travel, destination point(s), and travel costs.

6. Training

The cost -of training an employee to perform the mandated activities, as specified in section IV of these parameters and guidelines, is eligible for reimbursement. Identify the employee(s) by name and job classification. Provide the title and subject of the training session, the date(s) attended, and the location. Reimbursable costs may include salaries and benefits of trainees and trainers, registration fees, transportation, lodging, per diem, and incidental audiovisual aids. If the training encompasses subjects broader than this mandate, only the pro rata portion of the training costs can be claimed.

B. Indirect Costs

Compensation for indirect costs is eligible for reimbursement. Indirect costs are those that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned to other activities, as appropriate, indirect costs are those remaining to be allocated to benefited cost objectives. A cost may not be allocated as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been claimed as a direct cost.

Indirect costs include (a) the indirect costs originating in each department or agency of the governmental unit carrying out state mandated programs and (b) the costs of central governmental services distributed through the central service cost allocation plan and not otherwise treated as direct costs.

Claimants have the option of using 10% of direct labor, excluding fringe benefits, or preparing an Indirect Cost Rate Proposal (ICRP) pursuant to the Office of Management and Budget (OMB) Circular A-87.

VI. SUPPORTING DATA

For auditing purposes, all costs claimed shall be traceable to source documents (e.g., invoices, receipts, purchase orders, contracts, worksheets, calendars, declarations, etc.) that show evidence of the validity of such costs and their relationship to the state mandated program. All documentation in support of the claimed costs shall be made available to the State Controller's Office, as may be requested. Pursuant to Government Code section 1755 8.5, these documents must be kept on file by the agency submitting the claim for a period of no less than two years after the later of (1) the end of the calendar year in which the reimbursement claim is filed or last amended, or (2) if no funds are appropriated for the fiscal year for which the claim is made, the date of initial payment of the claim.

VII. OFFSETTING SAVINGS AND OTHER REIMBURSEMENT

Any offsetting savings the claimant experiences as a direct result of the subject mandate shall be deducted from the costs claimed. In addition, reimbursement for this mandate received from any source, including but not limited to federal funds and other state funds, shall be identified and deducted from this claim.

VIII. STATE CONTROLLER'S OFFICE REQUIRED CERTIFICATION

An authorized representative of the claimant shall be required to provide a certification of the claim, as specified in the State Controller's Office claiming instructions, for those costs mandated by the state contained herein.

IX. PARAMETERS AND GUIDELINES AMENDMENTS

Pursuant to Title 2, California Code of Regulations, section 1183.2, Parameters and Guidelines amendments filed before the deadline for initial claims as specified in the Claiming Instructions shall apply to all years eligible for reimbursement as defined in the original parameters and guidelines. A Parameters and Guidelines amendment filed after the initial claiming deadline must be submitted on or before January 15, following a fiscal year in order to establish eligibility for reimbursement for that fiscal year.
